

## FESTMIH - CALL FOR VIDEOS

*July 2019*

### WHY AM I WORKING IN GLOBAL HEALTH?

The Federation of Societies for Tropical Medicine and International Health (FESTMIH) turns 25 years this year and we want to celebrate this. The ECTMH Congress in Liverpool (16 – 20 September 2019) is an excellent platform to look back at a quarter of a century in tropical medicine and global health. But, we will not only look back. We are interested to show the relevance of the field of TM and GH in the world of today. And who can do this better than you, the young scientists, researchers and professionals of today. Are you younger than 35 years and devoted to global health and tropical medicine? Then, this is your opportunity to share your passion for your work and make your message global!

### HOW?

Send us a video in which you express this passion for the field of global health and tropical medicine and your motivation for working in global health. The most original and heart/mind-touching videos will be shown at ECTMIH 2019, during our anniversary ceremony!

**THE 5 MOST CREATIVE VIDEOS WILL BE REWARDED WITH A HUNDRED EURO REDUCTION ON THE REGISTRATION FEE FOR ATTENDING ECTMIH IN LIVERPOOL.**

### SPECIFIC REQUIREMENTS:

- ✓ **Maximum length:** 1 minute; in English or with English subtitles.
- ✓ Please send us the video (filmed in HD format, with smartphone) before **5 September** through the FESTMIH website: <https://festmih.eu/event/why-are-you-working-in-global-health-call-for-videos/>
- ✓ Or send an email to [secretariat.festmih@gmail.com](mailto:secretariat.festmih@gmail.com)
- ✓ **Camera mode:** Horizontal
- ✓ **File format:** .mp4 or .mov
